Rental period 1 May–30 September

The main building of the camping centre has been declared unfit for use and cannot be used as accommodation. Camping in tents in the area is subject to separate agreement. There is a small area to sleep on the loft of the sauna.

Rental period 1 October–31 April

The buildings of the camping centre are not available for use outside of the centre's operating period, with the exception of the lakeside sauna, which can be rented during the winter season for use between the hours of 8:00 and 22:00. Overnight reservations for the sauna are not accepted in the winter season.

Keys

can pick up the key to the camping centre from the Pirkkala vapaa-aikakeskus leisure centre's customer service desk during the centre's opening hours. The key provides access to the main room of the sauna building, on the wall of which are keys to the latrines, the camping kitchen and the wood shed. The main key must be returned to the leisure centre's customer service desk as soon as possible after the end of the reserved time slot. In the event that the key is lost, the Municipality of Pirkkala reserves the right to charge the costs resulting from the changing of the locks to the party who made the reservation.

Amenities

The camping centre's amenities are modest. The customer is expected to bring their own dishes and other equipment. The sauna has a small refrigerator with a freezer compartment, a tap, a microwave, a 2-plate stove, a coffee maker, an electric kettle and a CD player. The camping kitchen has a basic kitchen, which includes a refrigerator, a freezer, a stove, an oven, a tap, a microwave and a fire box for cooking. Water to be used at the shelter must be carried from the sauna building. There is firewood in the wood shed.

Grass fields

The grass fields of the Kranstolppa camping centre are unmaintained. Use of the grass fields must be agreed upon separately when making a reservation.

Using the camping centre

- ✓ The party who made the reservation is responsible for ensuring compliance with the terms of use during the reserved time slot. Noise must be kept to a minimum during the quiet hours from 22:00 to 7:00, and the party making the reservation must take the fact that there is around-the-year housing around the camping centre into consideration when planning activities.
- ✓ The party who made the reservation must clean the facilities upon departure and make sure that any waste is deposited in the waste containers. Leaving behind items that do not belong in the area is prohibited. The municipality reserves the right to charge any additional cleaning costs to the party who made the reservation. There is a vacuum cleaner and a mop at the camping centre.
- ✓ The party who made the reservation must make sure that the lights are turned off and the doors are locked upon departure.
- ✓ Setting up campfires, camping in tents and bringing caravans to the area are prohibited without separate agreement. Campfires or other open fires must not be lighted if the conditions in regard to dryness, the wind or other factors are such that there is a clear risk of forest fire, grass fire or other fire. The party who made the reservation is responsible for checking up-to-date warnings.
- ✓ Activities allowed in the area include swimming, beaching, use of the boat ramp and activities that are considered everyman's rights, such as gathering berries and mushrooms. The area also has a beach that can be used at one's own risk. It is recommended that event organisers collect a cyanobacterial sample if there is a cyanobacteria warning in effect.
- ✓ Any deficiencies and defects observed in the area must be reported to the technical on-call service or the leisure centre's customer service desk.
- ✓ Smoking in the area is prohibited.
- ✓ If the party who made the reservation does not comply with these terms of use, their reservation may be cancelled or they may be banned from reserving the municipality's facilities.
